Healthy Bites Website – Web Development Project

1. **Problem Statement**

Fitness Center and Gym Website Develop a gym website featuring workout programs, trainers, membership plans, fitness facilities, class schedules, and registration forms. Use bold typography, responsive pricing tables, and CSS transitions.

2. CODE

```
<!DOCTYPE html>
<html>
<head>
  <title>Fitness Center and Gym</title>

  <style>
    body {
      background-color: darkgreen;
      font-family: Arial;
      margin: 20px;
    }

    h1 {
      background-color: black;
      color: white;
      text-align: center;
      padding: 20px;
    }

    .menu {
      background-color: solidred;
```

```
    padding: 15px;
    text-align: center;
}

.menu a {
    color: white;
    text-decoration: none;
    margin: 15px;
}

.box {
    background-color: white;
    padding: 20px;
    margin: 20px 0;
    border: 2px solid darkgreen;
}

h2 {
    color: darkgreen;
    text-align: center;
}

Thursday	6:00 AM	9:00 PM
Friday	6:00 AM	9:00 PM
Saturday	7:00 AM	7:00 PM

Membership Plans

###Conclusion

The Healthy Bites website is developed using HTML and CSS. It provides healthy recipes, meal plans, and health tips with an attractive pink design. This project helps us understand the basics of web development.

2. Problem Statement:

1. **Healthy Food and Nutrition Website Build a website displaying nutritious recipes, meal plans, ingredient lists, calorie information, healthy eating tips, and food categories. Present information through responsive cards and recipe layouts.**

2. **CODE**

```
<!DOCTYPE html>
<html>
<head>
  <title>Healthy Food & Nutrition</title>

  <style>
    body {
      margin: 0;
      font-family: Arial, sans-serif;
      background-color: #fff5f8;
      color: #444;
    }

    header {
      background-color: #f4a6c1;
      text-align: center;
      padding: 25px;
      color: white;
    }

    header h1 {
      font-size: 35px;
      margin: 5px;
    }

    nav {
      background-color: #873e60;
      text-align: center;
      padding: 15px;

3. **OUTPUT**

4. Conclusion

The Healthy Food and Nutrition Website helps users learn about healthy eating habits, nutritious recipes, meal plans, and food ingredients. It provides calorie information, healthy eating tips, and different food categories in an attractive and user-friendly layout. Responsive cards and recipe sections make the website easy to use on different devices. Overall, this project encourages people to choose healthy foods and maintain a balanced lifestyle.

3.Problem Statement

1. Bakery and Cake Shop Website

To design and develop an attractive and user-friendly Bakery and Cake Shop Website that displays a variety of bakery products, including cakes, pastries, cookies, and custom cake designs. The website should provide product details, prices, seasonal offers, and store contact information. It should include an attractive color scheme, appealing food images, and image galleries to showcase bakery products. The website should be responsive and easy to navigate, allowing users to explore products and find the information they need easily.

2.CODE

4. Conclusion

The Bakery and Cake Shop Website provides an attractive and user-friendly platform to showcase a variety of bakery products, including cakes, pastries, cookies, and custom cake designs. It displays product prices, seasonal offers, and store contact details in an organized manner. The appealing color scheme, beautiful images, and image galleries enhance the overall appearance of the website. Overall, this project helps customers explore bakery products easily and improves the online visibility of the bakery business.
